

## Transformations : Rotations

1. The triangle  $A(1, 1)$ ,  $B(3, 1)$ ,  $C(1, 2)$  gets rotated to  $A'(7, -1)$ ,  $B'(7, 1)$ ,  $C'(6, -1)$ . Describe the rotation fully.

Rotation, centre  $(5, 3)$ ,  $90^\circ$  A-C
